HOWE AND HEAD TO VISIT FRANCE AS PART OF ROTARY EXCHANGE PROGRAM

District #779 Governor F. Harold Fralich, Rotary International, recently announced that a Group Study Exchange would be conducted this fall with France.

Mr. Fralich, of Cape Elizabeth, stated that a team of five outstanding young men from Quebec and Maine would leave for France on Sept. 20 for a period of over four weeks. The five team members are not Rotarians nor are they related to Rotarians. The group will be led by Rotarian John Head of the Bethel Rotary Club, who will serve as the Official Representative to France of Governor Fralich.

Nominations for this group were requested from the 55 clubs in District #779 this past winter. As a result of committee review of all applications and personal interviews this past summer, the five group members were selected from a vast field of highly qualified and recommended candidates. Group members are Paul St. Hilaire, a chartered accountant, of Quebec City; Peter Thompson, Central Maine Power's director of Information Services, of Augusta; Dr. Stanley Howe, curator of the Dr. Moses Mason House Museum, of Bethel; Daniel Thibault, an insurance adjuster, of Trois Rivières, Que.; and Jean Louis Gastonguay, head of the Foreign Language Department of Edward Little High School, of Lewiston.

All team members must be 25 years old but not over 35 years of age at time of application to Rotary International. Mr. Fralich further stated that the Group Study Exchange is an educational, actively offering a unique person-to-person opportunity for the promotion of better understanding and friendly relations among the peoples of the world. Traveling with a sense of mission derived from their desires to learn and promote understanding, the young men bring personal knowledge of their own country to the thousands they meet while abroad. Last year District #779 hosted a similar group from France.

The Eleanor Gordon Guild will meet on Wednesday, Sept. 27, at the home of Eleanor Peterson, Songo Pond, with a pot luck supper at 6:30, and a meeting at 7:30. Gena Wright will lead devotions. A Po-Ke-No game will follow the meeting.

LIST NEW PHONE NUMBERS FOR TELSTAR R. H. S. AND LOCKE MILLS SCHOOL

New telephone numbers were announced this week for Telstar Regional High School and the Locke Mills Elementary School. Concurrent with its new phone number, 824-2136, Telstar also has the capability of receiving three incoming calls simultaneously, thereby reducing the frequency that busy signals are encountered.

The new number at the Locke Mills Elementary School, 875-3952, is a private line instead of a party line as in the past.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Elderly Householders Tax and Rent Refund Applications are now available at the Town Office. These applications must be completed and submitted to the State Bureau of Taxation in Augusta by Oct. 15, 1977. In making a claim, the following requirements must be met: (a) The claimant must have owned or rented living quarters in Maine, occupied by the claimant as his home during the entire year 1976; (b) At least one member of the household (either the claimant, his/her spouse, or any other occupant whom the claimant can claim as a dependent for income tax purposes) must have reached the age of 62 in 1976; (c) Total income of all members of the household in 1976 that is the claimant, his/her spouse and any other occupants whom the claimant can claim as dependents from all sources, other than gifts for non-governmental sources and relief in kind, must not have exceeded \$4,500 if there is but one member of the household, or \$5,000 if there are two or more members of the household.

The Town Office has had a number of inquiries concerning the availability of 1977 Hunting Regulations. It is expected that these regulations will be available about the last of this month. We will make an announcement when they become available.

The Board of Selectmen met on Monday night, Sept. 12, and acted on a variety of items. A weapons permit was approved for Duane F. Gilbert, Sr.

The Board voted to rescind action taken at their Aug. 15 meeting when they voted to dismantle the town-owned hangar at the airport. The Board instead directed the manager to look into what other airports charge to rent similar aircraft storage space. Harold Clukey met with the Board to express interest in leasing the section of the double hangar previously owned by Burt Newton. Mr. Newton has given notice to the town that he no longer wishes to retain this storage space. The Board indicated they would review Mr. Clukey's request and get back to him at an early date.

After discussion, the Board voted to set winter hours at the landfill area (dump) at 9 a. m. to 5 p. m. Tuesday-Saturday. The area will be closed both Sunday and Monday. Winter hours will be effective from Oct. 30, 1977 thru April 15, 1978. Residents should note that the area will be closed both Sunday and Monday instead of just Monday only. This change is being made in an effort to keep the costs of operating the landfill to a minimum.

In other actions the Board reviewed the August financial statement, discussed attendance at the Oxford County Municipal Association meeting, Sept. 15 and the Municipal Association's Annual Convention, Oct. 12-14, review a letter from the E. C. Jordan Company, approved a partial payment to E. C. Jordan Company for sewer plant engineering services and reviewed a letter from the Department of House and Urban Development regarding Flood Insurance.

The manager reviewed projects being undertaken by the highway department with the Board and indicated that because of the unexpected additional work on the Grover Hill bridge, work on the Osgood Road would have to be postponed.

The next regular meeting of the Board of Selectmen will be Monday night, Sept. 26.

BADLY DAMAGED BY FIRE
Monday morning was the sawmill at the plant of Bethel Furniture Stock, Inc., West Bethel. An estimated loss of \$75,000 was incurred in the fire which caused heavy damage to the building and machinery. Reportedly it is hoped that the mill, located a short distance from the main plant, will be in operation again the second week in October.

Apparently the fire was caused when a hydraulic hose broke, spraying oil into an electric fixture. The operator of the sawmill, Olin Morgan, said he noticed a hydraulic leak and reached for the switch. Next thing he saw was a ball of fire, then he was lying on his back and looking through the roof of the building, loosened by the blast. Unable to reach the nearest exit because of heat and smoke, he had to walk the length of the mill to reach safety. He did not require medical attention.

The Bethel Fire Department responded to an alarm sounded at about 6:30 a. m.

The following were approved as instructors in the Adult Education program: History, Rodney Abbott; Metrics, Ted Davis; Christmas Gifts, Sandy Caton/Cindy Sumner; English, Mac Davis; French, Phil Taylor; Karate, Randall Baker; Water Color Painting, Basic Theatre, Robert Grose; Sewing, Rebecca Schachter; Law, Gordon Gillies; Yoga 1, Brad Blake; Yoga 2, Mer Gillies; Typing, Cheryl Lord; Spinning, Weaving, Betsy Gray Bell; Psychology, Sue Taylor; Stimmatics, Ellen Durgin; Papier Mache Sculpturing, Beryl Ouellette; Driver Education, Ralph Niemi; Toy Making, Julie Daye.

Upon the superintendent's nomination, the board approved Marie Wilson as Director of Federal Programs. The position is in addition to Mrs. Wilson's position as Adult Education Director.

The directors approved transportation at district expense for those students who wish to attend the College Fair in Portland Sept. 27. Those attending will have an opportunity to meet with Admissions Officers of several universities and colleges.

The board approved the posting of a position of bus driver/custodian (a 52 week position). Also a 36-week position of bus driver will be posted.

Mr. Smith reported that the new sixth grade rooms at Telstar were opened for use on Sept. 12. Utilized on Page Four

BROWNE TO SPEAK AT GOSPEL CENTER, SUNDAY

Jim Browne, missionary in Panama and former Bethel resident will be speaking at the Bethel Gospel Center on Sunday morning, Sept. 18, at 10 a. m.

"HIS LAND" BEING SHOWN AT WEST BETHEL CHURCH SUNDAY, SEPT. 18

"His Land," rich in color and authentic sights and sounds, with a popular musical score composed and arranged by Ralph Carmichael has been called a musical journey into the soul of a nation, and will be shown on Sunday, Sept. 18, at 7 p. m. at the West Bethel Union Church.

Across a barren land, scarred by centuries of war and neglect, the specters of ancient Israel appear, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "His Land," the thrilling story of Israel from ancient to modern times. "His Land" is a one-hour color feature, motion picture, taken on a journey through space, time and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of Ralph Carmichael songs, some of which were actually written on location, you travel the vibrant streets of Jerusalem.

This nation whose destiny is daily discussed in the councils of governments all over the world... the same paths taken by Jesus and the prophets: Galilee... the wilderness... Jerusalem... the Mount of Olives... mingle with the people of modern Israel as they work, play and build a nation.

Words of Scriptures come to life as the two men reflect upon the events that in recent years have confirmed much of the ancient prophecies. You are witness to the fact that out of the desert a new nation is emerging a new Land, a "Land of milk and honey," where the future climactic events of history will take place.

"His Land," is truly a feast of color and sound. An unforgettable experience!

Comments: A fresh approach to an old story that should reach many who question the Bible's validity. The message is well presented with an excellent ending.

—Pastor Griffith

CLASS OF 1967 OF ANDOVER HIGH SCHOOL HOLDS 10th REUNION

A gathering of the class of 1967, graduates of Andover High School, was held at the home of Mr. and Mrs. Robert (Sharon Coolidge) Hutchins on Newton Street, Andover. Of the 15 graduates the eight attending were: Mr. and Mrs. Marshall (Victoria Simmons) Melsner, Andover; Mrs. Ruth (Bodwell) Hill, Kittery; Mr. and Mrs. Neil (Rebecca Farrington) Marston, East Andover; Mr. and Mrs. Francis (Marguerite Jodrey) Humphrey, Manchester, N. H.; Mr. and Mrs. Kenneth Merrill, Fairbanks, Alaska; Mr. and Mrs. Roger Mills III, Augusta; Joy Porter and the host and hostess.

A call was placed to W. T. Rieash of Augusta, former teacher at A. H. S. Mrs. Barbara (Bennett) Nelson is living in Beverly, Mass. Kenneth Libby is residing in Canton. Dean McGrillis still lives in Roxbury, and Mrs. Harold (Heleen) Lang) Denais is still living in Andover. All these were teachers at the time of graduation.

The crowd gathered by 8 p. m. and was having a happy time reminiscing about school days and bringing each other up to date on all their doings during the past 10 years. All were in accord that comparing the 57 graduation pictures to the Now people it was the general consensus that all present had definitely changed.

One former teacher, Mrs. Deans, arrived with the 1967 yearbook, "The Crier" which was circulated and caused quite a few choice comments and laughs. The ping-pong tables never did get set up. There were too many happy memories brought to mind.

Everyone agreed they had a great time and are looking forward to making plans for their 15th year reunion.

COUNTY DEMOCRATS MET AT PARIS ON SEPT. 8

State Senator Merrill of Portland was the guest of the Oxford County Democratic Committee at their September meeting held at the Paris Fire Hall on Sept. 8. Sen. Merrill's remarks followed a social hour and bean supper hosted by the Paris Town Committee.

County Democratic Chairman Paul McGuire of Bethel conducted the business meeting at which Attorney Douglas Myers, South Paris, was elected to serve as Vice-Chairman of the Oxford County Committee. He will fill the remainder of the term of Ann Robinson, who recently moved out-of-state. Myers has served on the Paris Town Committee for several years.

The following were elected to serve on committees for the 1978 State Democratic Convention, which will be held in May: David Dexter of Paris Hill, Permanent Organization; Gayla Pulkkinen of Paris, Credentials; Douglas Myers, of Paris, Rules and Procedures; and Edward Manning, Porter, Eddy Saunders, Bethel, and Ted Whittier, Paris, Platform and Policy. The Platform and Policy Committee will begin its work this fall, with other committees being organized closer to the actual convention dates.

State Committee members Paul McGuire and Olive Moore reported on recent plans for fundraising. Thomas Bourgeois volunteered to head a committee which will plan a county supper this fall. The next meeting of the Oxford County Democratic Committee will be held in Rumford-Mexico in November.

LOW COST DRUGS FOR THE ELDERLY

A person may apply for a Tax or Rent Refund prior to Oct. 15 as the first step in becoming eligible for the new "Free Drug" program. If they do not, they lose any benefits that they might be entitled to.

The Maine Department of Human Services has determined that only those who file for and receive a Tax or Rent Refund will be sent a card—a card that entitles them to pay no more than \$1 for each prescription they have filled. This covers maintenance prescriptions only. The state pays the balance.

This is especially important for the many who use several prescription drugs. If a person has three prescriptions to be filled, the cost to him is no more than \$3, one dollar each.

The important thing to remember is that a person must file for a Tax or Rent Refund before Oct. 15. If they do not they will not receive the identifying card. This card is also applicable to spouses and dependents. Of course, they must be eligible and actually receive a refund in order to have the card sent to them. In other words, in case of doubt, file.

You may file with the Bureau of Taxation, Department of Finance and Administration, State House, Augusta, Maine 04333.

TELSTAR IS 26-0 WINNER OVER MARANACOOK IN GRID OPENER

The Telstar Rebels employed ball control tactics, racking up 290 yards on the ground, to wallop Maranacook, 26-0, at Readfield last Saturday in the MVC playoff for both teams.

Telstar unwound a painstaking eight play, 78 yard drive, which culminated with George Cayer's 15-yard touchdown run as time expired in the first period.

Telstar upped the margin to 12-0 at the half as Cayer topped off another determined drive (56 yards in 12 plays) with a five yard drive into the end zone.

The relentless Rebel attack increased the lead to 18-0 early in the third period as Ricky Chase booted 20 yards around left end to score following a short Maranacook punt.

Mike Brooks scored the game's final touchdown on a one yard plunge later in the third period and Chase added the two points on a pass from Russ Palmer.

The Telstar defense consistently thwarted the Maranacook offense as Mike Rosenberg, Richard Morton and Roger Smith played tough ball in the trenches.

For their home opener this Saturday afternoon, Telstar entertains Lisbon at 1:30.

Upton

Mrs. Arline Bernier, Corres.

The Mountain View Church held the first Sunday Service with Rev. Howard Richardson officiating as guest pastor. A congregation of 47 people from Harrison, Bridgton, Upton, Errol and surrounding areas listened to explanation of Missionary Alliance Work, were invited to ask questions or make comments and were tendered a brief sermon. Pictures were taken outside following the service to commemorate the birth of this new organization.

Work is progressing on Lane Hill extending the ending of the road which was done a few years ago.

It was discovered that the school house has been broken into recently. The safe was pried open and papers regarding town official business were rummaged and scattered. Law officers have the crime under investigation.

The selectmen conducted a meeting Saturday evening to discuss buildings which had been condemned or were not up to standards set by planning board in some way. Several owners were present or had contacted officials previously by letter or in person.

It was voted to work on four places which are most in need of action and proceed from that point. The board selectmen, several members of the planning board, home owners and one more interested persons were present.

School started last week, most of the summer people are back on home bases and the through traffic has lessened to a scattered few. The resulting quiet and calm is delightful for a change. However, like the seasons, we wouldn't want it to be permanent.

Mrs. Florence Barrett and Charles Knauer, Mexico, visited their brother-in-law, Joe Barrett and Eveline, Labor Day, but were unable to go to the "Hootenanny" due to Charles' ill health. The Barretts were unable to go also. Douglas Zinchuk has returned from New Jersey where he spent several weeks.

Joe Barrett was at Dr. Houghton's Tuesday then he and Eveline went shopping for guns and ammunition, so now we are all ready for four-legged deer also two-legged ones.

Mrs. Phyllis Hyam now has a portable oxygen tank and oxygen is delivered Monday, Wednesday, Friday, even on a holiday.

The Community Club held a meeting at the hall Sept. 7 with nine members present. Voted to have a public supper Sept. 24, 5:30 p. m. The usual baked beans, hot rolls, hot dishes, pies and coffee. All you can eat. Let's go.

I would like to thank Mr. and Mrs. Angelo Onofrio, Bethel, for getting my Sept. 6 news to the Bethel Citizen. They were at "Big Rock" for the hootenanny and my sister Doris Lawrence wrote the guest list so it could be in the news on time, thanks to all. According to all reports every one had a good time and plenty to eat.

Mr. and Mrs. Philip Hyam have had for company: Marge Newman, Wakefield, Mass.; Bethel Mitchell, Saugus, Mass.; Bethel Nichols, Norwood, Mass. They have been helping Phil fill the freezer and help with Phyllis. Sunday, Ralph and Barbara Dow, Bristol, N. H., came to visit for a day. Mrs. Hyam lost a filling from a tooth but

due to the chemotherapy he couldn't put in a new filling so he doctored it up.

School went well for all except one little girl who lives across the street. She thought all the other children were to get off the bus before it came to her house, so the driver of the bus carried her around through Tuell Town then back to her home. She was quite scared when she got home.

All roads lead to Oxford County Fair this week and I guess fur coats will be in style. Such sudden changes in the weather make us think of what is coming. 32° temperature on this lovely Monday morning. Hope there wasn't a frost.

Last year when the first afternoon school bus came there were 11 students to walk down the road and this year there are only three. These are high schoolers.

We have heard rumors that the O'Hearens are moving back from Phoenix, Ariz., due to the high cost of living. There's no place like Maine.

Don't forget the supper, Sept. 24, 5:30 p. m.
Have a good time at the Fair.

MOTORISTS REMINDED OF SCHOOL BUS LAWS

With the new school year under way, the Maine State Police remind motorists of the laws regarding school buses.

In addition to following the school bus law, motorists are advised to be particularly careful during morning "going-to-work" traffic as children walk to school and buses stop to pick up children," said Col. Allan H. Weeks, Chief of the Maine State Police.

Col. Weeks also advises parents to have their children not to play or run around at a bus pick-up area while waiting for or when getting off of a bus.

According to the Maine State Police, on undivided highways and roads, all vehicles must stop until children are clear of the roadway and the bus is moving. Specifically, an operator when coming upon a school bus which has stopped to receive or discharge children, shall stop such vehicle before reaching the school bus and shall not proceed until the school bus resumes motion or until signaled by the school bus driver to proceed.

On divided highways, Maine law says all vehicles in lanes traveling with the school bus must stop. Vehicles traveling in the opposite direction, but separated by curbing or other similar physical barrier or an unpaired area need not stop.

CREED-LESS CHRISTIANITY

By Dr. J. Philip Jackson
Community Church,
Rumford Center

Many "Spirit-filled Christians" tend to ignore doctrine. One of the many modern charismatic slogans is "Doctrine divides, but the Spirit unites." This is a false conclusion. It is not DOCTRINE that divides; it is DOGMATISM. No experience of the spirit can last that is not based UPON and guided by the Word of God. In fact, many false doctrines are hidden under the cloak of "the ecumenism of the spirit." WE ARE ONLY UNITED IN CHRIST IF WE HOLD THE DOCTRINE OF CHRIST!

I am not speaking now of the finer points of theological hair splitting. We may differ on many points of interpretation without breaking faith with Scripture. For instance, it is not of basic importance whether or not the Church goes through the Great Tribulation. Nor need we fight over Pre-millennialism, post millennialism or A-millennialism. Neither should we argue over the man whose number is 666.

However, doctrine is essential. The early church continued steadfastly in the apostles' doctrine. The Scriptures were their authority and power in ministry. If the Bible was clear then the issues were settled.

Paul wrote to Timothy: "Hold fast the form of SOUND WORDS." Nothing is more destructive in 1977 when, like in the Book of Judges, "every man did that which was right in his own eyes."

The only thing worse than dead, dry, "twice dead, plucked up by the roots," and drier than last year's bird's nest "orthodox dogmatism" IS A CREEDLESS UNITY. Let us have unity outside our own little religious circle. Let us pray for unity among all CHRISTIAN churches. But have no fellowship with any group that holds unscriptural doctrines and denies the basic teachings of the Deity of Christ. Justification by faith or the authority of the Bible.

Our basic New Testament creed should be: "Great is the mystery of Godliness. God was manifest in the flesh, justified in the Spirit, seen of angels, preached unto the Gentiles, believed on in the world, and received up into glory," 1 Timothy 3:16.

CONSUMER PRICE INDEX SHOWS 4% RISE IN JULY

The Consumer Price Index rose 0.4% in July before seasonal adjustment to 182.6 (1967=100), the U. S. Department of Labor's Bureau of Labor Statistics reported. The July CPI was 6.7% higher than in July 1976.

On a seasonally adjusted basis, the CPI also rose 0.4% in July, noticeably less than the average monthly increase of 0.7% recorded during the first half of this year. This slowdown was primarily due to food prices which increased 0.1% after moving up rapidly in the first six months of this year.

Prices of commodities other than food also contributed to the slowdown in July, increasing 0.1%. Charges for services however, rose 0.8% in July, about the same as the increases in each of the preceding six months.

The index for food purchased in grocery stores declined 0.1% in July after seasonal adjustment. This decline—the first since last November—was due to lower prices for beef, poultry, pork, fresh fruit and vegetables, sugar, and ground coffee.

Pork and sugar prices declined for the first time this year. Coffee prices declined slightly after advancing steadily for almost two years. On the other hand, egg prices rose sharply in July after declining for four months. Prices continued to rise for other foods such as dairy products, cereal and bakery products, fats and oil products, and processed fruits and vegetables.

The index for food away from home—restaurant meals and snacks—rose 0.4% in July after seasonal adjustment, less than half the average monthly increase in the first six months of this year.

The index for commodities other than food increased 0.1% in July and 0.2% in June, compared with increases of 0.4% in each of the three preceding months and about 0.7% early this year.

The slowdown this summer can

RESEARCH SHOWS NO DAMAGE TO SMALLMOUTH BASS FROM SPRUCE BUDWORM SPRAYING

A study by University of Maine at Orono researchers in the Maine Cooperative Fishery Research Unit has shown that this spring's spruce budworm spraying did nothing to endanger the smallmouth bass in two lakes in Washington County. The study was carried out through provisions of a \$13,328 grant from the Forest Service of the Maine Department of Conservation. Studied were Crawford and Rocky Lakes in Washington County. In analyzing results of the study UMO researchers noted that with a proper insecticide applied with proper care it is possible to control one pest without total environmental upheaval.

be attributed primarily to declines in used cars and gasoline prices. After seasonal adjustment, the used car index declined 2.7% in July, 2.2% in June, and 1.3% in May. The gasoline and motor oil index declined 0.3% in July, about the same as in June.

Prices rose in July for most other nonfood commodities; however, the increases were relatively moderate—0.1% for household durables, 0.2% for new cars, and 0.3% for apparel. The index for fuel oil and coal increased 0.6% in July, the smallest rise this year.

In the services component, the index for household services other than rent rose 1.2% in July; this was a larger rise than in recent months as mortgage interest costs and charges for natural gas and electricity increased sharply. The rent rose 0.6% in July, compared with 0.5% in June and 0.4% in May.

The index for medical care services rose 0.7% in July, about the same as in June and less than the 0.9% increases in May and in April. The index for transportation services increased 0.4% in July, about half as much as in each of the preceding four months.

UMO'S HOST FAMILY PROGRAM SEEKS PARTICIPANTS

The University of Maine at Orono's Office of Student Affairs is seeking families for its foreign students' Host Family Program. This fall some 138 international students representing 34 nations will be studying at UMO. The Host Family Program seeks to provide them with a greater understanding of this country's culture and customs by having them participate in local family holiday activities, meals and week end work projects.

MAINE FOREST SERVICE NURSERY SEEKING CONES FOR REFORESTATION PROGRAM

The Forest Nursery of the Maine Forest Service is again in the market for cones for its reforestation program. The following species and amounts are needed: Red pine, 20 bushels; White spruce, 300 bushels; Norway spruce, 300 bushels; Black spruce, 100 bushels; Red Spruce, 100 bushels.

Payment for cones will be at the following rates: Red pine, \$15 per bushel; White spruce, \$11 per bushel; Norway spruce, \$5 per bushel; Black spruce, \$12 per bushel; Red spruce, \$12 per bushel.

Persons who have knowledge of existing cone supplies and are interested in their collection should contact their local service forester prior to collecting. The service forester will evaluate the collecting area and cone crop.

The State Nursery is particularly interested in cones from outstanding forest areas where quality trees exist. Active logging sites can be areas where relatively easy picking is available as the tops of harvested trees can be found on the ground.

Each year the State Forest Nursery ships approximately 2,500,000 seedlings to landowners who are conducting reforestation programs on their land.

MUNDT-ALLEN UNIT #81

The American Legion Auxiliary, Mundt-Allen Unit #81, met on Tuesday night, Sept. 13, with 10 members and one guest. Bills were paid and regular contributions made.

A report on the Waterford Fair was read. The three day's work was well worth the effort. The home made pies ran out early on Saturday. The American chop suey sold very well. As usual it was left to the few to carry the most of the work. Everyone is most grateful to the workers, as nothing could have been accomplished without them.

Jeri Brooks gave a report on National Convention which was held in Denver, Colo. She and Carolyn Brooks attended. The Book of Prayers received a citation from National.

The Auxiliary is putting on the supper for the Lions Club on the first and third Tuesday of each month. Help is needed. If any can help call Laura Inman or Jo Tripp. It was voted to buy the "Coke" machine. This will help the game party crew as it is automatic and is also a space saver.

Oxford County Council will meet next Tuesday, Sept. 20, at Fryeburg. Next regular meeting of the Mundt-Allen Unit will be Sept. 27. See you there.
